PROBLEM: Gear friction

Change the machine world

With our new zero-friction* gears

SOLUTION: Ball coupling gears

Highlights

Save energy & CO2, extend drive range

Deeptech hardware: paradigm shift

Disrupt \$ 200-billion market

Team: 2 Phys. PHDs, 3 Eng. & 3 Bus. MSCs

Investor: Mate Rimac, EV unicorn founder

Perfect 100%* efficiency

In practice, expect well over 99%

Purely rolling balls couple gear wheels

Tech at TRL 6, patents in 11 countries

Sold 11 designs, 3 prototypes, 1 license

Customer network: 100s of companies

Business models: IP sales & Production

* At ideal conditions
